

# ORDER FORM GENOMIC ANALYSIS

## INFORMATIONS ABOUT CUSTOMER

Company: ..... Herd number: .....

Intracommunity VAT number .....

Email: .....

Name: .....

Address: .....

.....

Town: ..... Country: .....

Phone: ..... Mobile: .....

## INFORMATIONS ABOUT THE ORDER

Fill in this order form on both sides indicating the animals you want to analyze and the associated tests. Please return it with the corresponding bank transfer payment at:

**INGENOMIX, Pôle de Lanaud, 87220 BOISSEUIL**

The collection kits are available on demand.

Total number of tests ordered :

Total cost of the order :  €

The bank details of IngenomiX are the following :

Code IBAN (International Bank Account Number) :

**FR76 1950 6000 1100 0782 7687 089**

Code SWIFT : **AGRIFRPP895**

### PLEASE NOTE:

In order to process the analysis, the order form and the transfer payment should be properly completed.

Only the males you own could be analysed.

**DATE**

**SIGNATURE**

*Any signature applies to order and acceptance of General Sales Conditions of IngenomiX.*

# ORDERED TESTS (indicate the options chosen)

Refer to price table below to calculate the options price

	Animal ID	Sex (M/F)	Name	Birth date	Males		Females							Parentage testing		Mutations		Price per animal Refer to price table below to calculate the price per animal.
					EvaLiM® complete 12 traits + myostatin + parentage testing <sup>1</sup>		EvaLiM® MODULO Pelvic opening and udder morphology + 2 traits choice; suppl. traits, parentage testing, myostatin or polled test are optional.							DNA Profil SNP panel for identification	Verification genetic compatibility	Myostatin Double-muscled trait	Polled Hornless trait	
					Males	Females	FN	CR	DM	DS	FOS	AL	AV	Already included in complete EvaLiM

## PRICE LIST

7 traits.

2 traits mini.

Parentage testing  
+ mutations  
optionally available

Mutations  
Myostatin status  
and/or Polled  
mutations

Options		Chosen genomic tests			
		EvaLiM®	EvaLiM® MODULO	Parentage testing	Mutations
Genomic breeding values	Tests for males	199 €	-	-	-
	Tests for females	89 €	55 €	-	-
	1 extra trait	-	8 €	-	-
Parentage testing <sup>1</sup>	Parentage testing only <sup>2</sup>	-	-	5 €	-
	DNA profile only	-	10 €	20 €	-
	DNA profile + parentage testing	included	15 €	25 €	-
Mutations	Myostatin (double-muscled trait)	included	8 €	5 €	22 €
	Polled (hornless trait)	10 €	10 €	5 €	22 €
	Myostatin + Polled	-	15 €	10 €	27 €

<sup>1</sup> Parentage testing is based on SNP technology by comparing the DNA profile of an animal with those of his parents, when profiles are available and if the sampling has been done by a certified sampler.

<sup>2</sup> Parentage testing only : if your animal already has a SNP profile obtained from a previous analysis and if his parents have already been genotyped, you don't need to genotype him again to order a parentage testing.

<sup>3</sup> If you already ordered an EvaLiM® or EvaLiM® MODULO for an animal, you can order supplementary analysis (e.g : supplementary traits for MODULO, myostatin or polled tests, parentage testing) at the cost of an option. Please note that in this case, 5€ for administrative fees will be charged.
